

TENTATIVE FINAL EXAM SCHEDULE FOR FALL 2008

Below is the **tentative** Final Examination Schedule for Fall Semester 2008 as released by Carolyn Jones Ph.D, Director of Curriculum.

Part I consists of a list of the typical MWF and TR class meeting times. Check for the first meeting time of the primary activity (probably lecture) of your class. For example, if you are enrolled in a class that meets from 9-9:50AM MWF or 9-10:50AM MTWR, your final examination for that class will be Monday, December 8, 2008 at 8 a.m.

Part II consists of an alpha-numeric list of the multiple-sectioned classes for which a specific examination time has been assigned for **all sections** of that particular course offering. For example, all students enrolled in MATH 101 Intermediate Algebra will take the final exam for that course on Monday, December 8, 2008 at 8:00 a.m.

Classes beginning at 5:00PM or after should note these final examinations are included in Part I of the final examination schedule.

Students having conflicts in examinations or having **more than three** examinations in one day should contact their instructors **first** and then the division office of the course(s) involved. Students should report any problems no later than **Monday, December 1, 2008**.
