

CARE PACKAGES FOR STUDENTS

The Vincennes University Biology Club offers parents and families an opportunity to purchase ready-made survival packs to send to their students for final exam week. A survival pack is a bag filled with both edible and non-edible items that will be delivered to your student. There are two package options to choose from. Package one will include items such as candy, Kool-Aid, Lipton Ramen Noodles, taffy, gum, Kleenex, chips, Scantron forms, pencils, microwave popcorn, Pop Tarts, hot chocolate, cereal, note pads, index cards, Easy-Mac, and more. Package two will contain more of the above mentioned plus a few other surprises such as coupons from area businesses, bottled water with crystal light packets, fruit, highlighters and gourmet cookies! Order forms are mailed to the home address at the end of each semester. Survival Packs will be delivered on the Thursday prior to the week of finals. Order one today for your college student and let them know you care. To order, please go to vinu.edu/parents and click on the Let Us Help link. By choosing the Biology Club link and printing the order form, you will not only be providing your student with a great "I'm thinking of you" package, but you will be helping to support the Biology Club. Please print and return the order form from the website along with payment. No orders will be accepted by telephone. The order form will accompany the package, so feel free to write a special message with your order. Please make sure the dormitory name and room number are on form. If you have any questions please call Mr. Curt Coffman (club sponsor) at 812-888-4226 or email her at ccoffman@vinu.edu.

Make checks payable to VU Biology Club and send to:
