If you want to accept your student loan(s), follow the directions below. The top part provides directions for new students, and the bottom part provides them for returning students.

If you do not want your loan(s), please check the appropriate line at the bottom of the form, provide your name and ID number, then sign and return this form to the financial aid office. If you prefer, you can use the "Decline Awards" form.

Returning students should note that some lenders have stopped participating in the federal student loan program. If the lender you used last year is not on the chart or is not lending federal student loans, you must complete a new master promissory note (MPN) for the new lender you choose.

New Students:

If you want to accept your student loan(s), please complete a master promissory note (MPN) and return it to the Financial Aid Office at the address above. If you choose one of the lenders listed below, please provide the relevant lender name and code on the MPN. You don't have to fill in the address. If you want to use another lender not on the list below, you must provide us with complete information about the lender, including the lender's full name, address, telephone number, and lender code. Once we have received the MPN, we will certify your loan and forward it to the lender.
