## About Our Program

The mission of the Vincennes University ASL & Deaf Studies Program is to provide high quality ASL and Deaf Culture Studies instruction.

Our program includes a three-pronged approach:

- Learning-centered instruction, in and out of the classroom.
- Application and practice acquiring and using ASL. Interaction with Deaf people in the community.

## ASL Zone

It is well documented that a full-immersion approach to language learning is a superior method. This is the reason we insist on visual communication in our zoom classrooms and online.

## ATTENDANCE POLICY

The Vincennes University policy is based upon the notion that students will attend all sessions of the class in which they are enrolled. Consequently, missing class for any reason will be regarded as an absence. When absences result from an approved and required University activity, they will not be counted against a student and the work missed may be made up.

Students who miss class hours totaling twice the number of credit hours awarded for the course, or the equivalent of two weeks of class instruction, are eligible to be dropped from class.

In all cases, it is best to communicate directly with your instructor when you know you will be absent.
