

Dear VU Student:

Recently, we announced that a large proportion of our face-to-face courses would include some aspect of virtual learning, where possible, in order to reduce the number of students attending in person in classes and labs at one time. In addition, some courses would be offered completely virtually, where learning activities and subject matter permit.

As the pandemic continues to see increasing numbers of COVID-19 cases throughout Indiana and Illinois, we have reassessed our face-to-face plan. While VU will continue with a face-to-face component for many programs and courses, **we will be shifting some courses that are currently listed as hybrid to virtual delivery.** These changes will not reflect your enrollment status or your actual schedule, but they could mean that one or more of your courses will no longer be offered with a face-to-face component.

Please check your schedule in MyVU over the coming days to see if the delivery mode for any of your classes has changed. Changes will be occurring over the next several days and should be completed by August 4. To review the method of delivery for your courses, please review your class by clicking on this URL https://ssb.vinu.edu/PROD/bwskcrse.P_CrseSchdDetl and logging into MyVU.

Please contact your academic advisor if you wish to make a change in schedule or status for fall. If you are unable to reach your advisor, please contact the Student Success Center at ssc@vinu.edu. Answers to a number of questions regarding fall courses may be found at <https://www.vinu.edu/covid-19-faq#fallcoursefaq>.

Thank you for your flexibility and understanding as we continue to do our best to deliver the VU education you want and deserve while doing our best to keep you and others safe and healthy during these uncertain times.

Best regards,

Chuck Johnson
President
Vincennes University
