Financial Aid is available. You must fill out the previous year FAFSA which is different than the FAFSA used for Fall. Students should meet the April 15 deadline for the 2021-2022 FAFSA; however, students will need to also complete the 2020-2021 FAFSA as soon as possible, using your 2018 tax return or income information because the summer aid is tied to the current academic year. Additionally, Vocational Rehabilitation may fund students with disabilities who qualify.
