

University Primary Care Center

**VINCENNES
UNIVERSITY**

Hours

Monday, Thursday & Friday: 8:15 a.m. – 4:30 p.m.

Tuesday & Wednesday: 7:15 a.m. – 6:30 p.m.

Closed daily: 11:30 a.m. – 12:30 p.m.

Early morning and evening hours are offered throughout the week to accommodate the busy schedules of our employees and their families. Early morning hours are also convenient for tests that require fasting.

Scheduling Appointments

To schedule an appointment, please call 888-7777 during clinic hours.

Appointments Are Needed

In order to minimize wait times, appointments are required. Call 888-7777 to schedule an appointment. Every effort will be made to ensure patients are seen as soon as possible.

Privacy Protection

The UPCC enforces all HIPAA regulations which protect the privacy of an individual's health information. Your medical information is secure and only accessible by the UPCC provider.

Parking for the UPCC

All employees are allowed to add up to three vehicles to their VU parking tag. Be sure to add your spouse's license plate to your VU parking tag. This will allow them to park on campus.

Leading the University Primary Care Center Team

Kara Doyle

Kara Doyle, a certified Family Nurse Practitioner, is the University Primary Care Center Clinic Director. Kara is a native of Vincennes and a graduate of Vincennes University's Associate of Science in Nursing Program. She obtained her Bachelor of Science in Nursing and Master of Science in Family Nurse Practitioner from the University of Southern Indiana. With 13 years of nursing experience including eight years in a hospital setting, Kara brings an extensive medical background to the University Primary Care Center.

Deborah Bedwell

Deborah Bedwell, a certified Family Nurse Practitioner, is also a Knox County native. Deborah earned her A.S. in Nursing from Vincennes University, Bachelor of Science from Indiana State University and Master of Science in Family Nurse Practitioner from Indiana Wesleyan University. She brings many years of experience in both occupational nursing and community health nursing. Deborah has most recently worked as a Family Nurse Practitioner at Sullivan County Community Hospital.

Frequently Asked Questions

VINCENNES
UNIVERSITY

University Primary Care Center

Who is eligible to use UPCC?

Employees, retirees, their spouses and their dependents participating in a VU health insurance plan are eligible to use the UPCC.

Is there a fee?

The UPCC is provided free of charge to employees, retirees, their spouses and their dependents who participate in a Vincennes University health insurance plan.

Are appointment times noted as sick time?

Employees may go to their scheduled appointments at the UPCC without using sick time.

Proof of plan participation?

Patients (employee, spouse, & dependents) must show their VU Anthem insurance card as proof of plan participation. Bring your insurance card to each visit.

Who will I see?

Patients will be seen by a Nurse Practitioner.

Can I refill all of my prescriptions?

The UPCC does not fill prescriptions written by other providers. Only prescriptions written by a UPCC Nurse Practitioner will be dispensed at the clinic.

Are prescriptions free of charge?

The UPCC may dispense generic drugs to patients free of charge. *The UPCC will not dispense any form of narcotic drugs.*

Are lab services provided?

Laboratory services, including blood draws and urine tests, can be completed at the UPCC if ordered by a UPCC Nurse Practitioner. Lab services ordered by other providers must be completed at LabCorp or a lab of your choice that will be billed through your Anthem Insurance. There is no charge for LabCorp.

Are there health services for children?

The Nurse Practitioners are licensed and trained to treat patients of all ages, including children.

Can UPCC access my previous medical records?

With consent, the Nurse Practitioners should have access to your previous medical records.

How is check-in arranged?

VU students have access to the UPCC, but their waiting area and exam rooms are separate from those for the employees. There will only be limited interaction between employees and student patients.
