Vincennes University

Offering Educational Opportunities to Military-Connected Students

(<http://www.vinu.edu/military>)

(<http://www.facebook.com/VUMilitary>)

Vincennes University (VU) was founded in 1801 by William Henry Harrison, Governor of the Indiana Territory, who later became the ninth President of the United States. Vincennes University is Indiana's oldest college, and currently serves over 10,000 full and part-time students on its Vincennes campus, two regional campuses, and through its distance and military education programs. Vincennes University offers Associate degrees in more than 150 academic transfer and occupational programs, and provides specialized Baccalaureate degrees in 7 disciplines.

Vincennes University is regionally accredited by the Higher Learning Commission and has signed and meets the guidelines written in the Department of Defense Memorandum of Understanding. VU is approved for Department of Veteran's Affairs education benefits.

Military Education Program

Vincennes University offers military students (active duty, veterans, and immediate family members) access to a college education through a variety of learning experiences. Students may choose to access traditional courses through our on-site degree programs, or may consider taking internet-based courses through our Distance Education program. Accessibility and flexibility are key components of our Military Education Program (MEP), as we try to meet the unique scheduling needs of students participating in the program.

The Military Education Program provides full-service programming at the following locations across the country:

Fort Benning, Georgia
Saint Augustine, Florida
Camp Robinson, North Little Rock, Arkansas
Defense Finance and Accounting Services, Indianapolis, IN
Naval Air Facility El Centro, California
Naval Base Coronado, California
Naval Base San Diego, California
Naval Medical Center Balboa, San Diego, California
Naval Station Bremerton, Washington

Additionally, instructional and support services are provided at the following site locations:

Naval Air Station Fallon, NV
Naval Station Norfolk, VA
USCG Sector Columbia River, OR

Through the MEP, students will enjoy the following opportunities as they work to complete their Associate or Bachelor's degrees:

1. On-site, ashore, and underway classes are offered in a variety of disciplines to satisfy general education and major program degree requirements. Courses are provided in 8-week terms and scheduled to correspond with installation operations.
2. After successful completion of one course with Vincennes University, we will review and evaluate the student's military training and schooling to award appropriate college credit. The college credit granted is based on the recommendations of the American Council on Education (ACE).
 - a. Students can order transcripts that will include credit received from Vincennes University resident courses, military experience, courses transferred from other accredited colleges, and successfully completed DANTES and CLEP exams.
 - b. Students also receive degree plans that illustrate how all credits apply to their choice of degree major.
3. Vincennes University's residency requirement is 15 credit hours for an Associate Degree and 30 credit hours for a Bachelor's Degree.
4. Vincennes University's Distance Education Program provides students additional opportunities to take courses applicable to their degree. These courses satisfy the university's residency requirements.

Accreditation

Vincennes University is accredited by The Higher Learning Commission. For more information regarding VU's HLC accreditation, contact the Higher Learning Commission at 312-263-0456 or see www.hlcommission.org.

Admissions Policy

Vincennes University maintains an "Open Door" admissions policy. Students are eligible for admission on the basis of graduation with a diploma from accredited high schools, successful completion of the GED, or transfer in good standing from accredited colleges. Military students are eligible for admission on the basis of active duty status. Other students taking classes through the MEP may be eligible based on alternative qualifying factors, such as DoD or public service employment. Students who wish to utilize Federal Financial Aid will need to provide a copy of their High School transcripts with graduation date or a copy of their GED transcript with passing test scores.

How to Apply

Students apply to the MEP when registering for their first Vincennes University course. The course may be a site-based course or a Distance Education course. Admission to the program is processed by staff members at the respective MEP Site Location. A formal re-admission is not required for students unable to enroll in courses in regular consecutive terms.

Placement Testing

Placement testing is a requirement of all students and is needed to determine English and mathematics proficiency. Most courses are designated with placement test prerequisites and students will need to meet these requirements prior to enrollment in the course.

Recruitment Policy

In compliance with the DoD MOU, Vincennes University representatives are forbidden to participate in high-pressure recruitment tactics, such as:

- Making multiple unsolicited contacts (3 or more), including contacts by phone, email, or in-person
- Engaging in same-day recruitment and registration for the purpose of securing Service member enrollments.

Additionally, Vincennes University does not provide any commission, bonus, or other incentive payment based directly or indirectly on securing enrollments or federal financial aid (including TA funds) to any persons or entities engaged in any student recruiting, admission activities, or making decisions regarding the award of student financial assistance.

Military Experience Evaluation

After successful completion of one course with Vincennes University, students may submit to the Military Education Program office appropriate documentation of military training and experience to be evaluated for awarding college credit. Official military transcripts include:

Army, Navy, Marine Corps, Coast Guard - Official Joint Services Transcript (JST)

Request online at: <https://jst.doded.mil/smart/dodMandatoryBanner.do>

Air Force - Official transcript from Community College of the Air Force (CCAF)

Request online at: <http://www.au.af.mil/au/ccaf/transcripts.asp>

Military transcripts are evaluated and credit is awarded based on the recommendations of the American Council on Education. Credit is awarded for training schools and job-related experience that directly corresponds to Vincennes University courses. Credits given are for lower-division undergraduate (freshman and sophomore level) courses only.

Students may request that military experience be re-evaluated as the result of new and/or upgraded training or promotion by ordering an updated copy of their military transcript.

Transfer Credits

Vincennes University transfers credits earned through the College Level Examination Program (CLEP), DANTES Subject Standardized Tests (DSST) and American College Testing Proficiency Examination Program (ACT PEP). Before taking a test destined to fulfill degree requirements, the student is advised to contact their Site Director or Advisor to confirm transferability. After passing the exam, an institutional copy of the transcript should be forwarded directly to the Military Education Program administrative office on the Vincennes campus.

To have credits transferred from other schools, request an official transcript from that institution be sent directly to the Military Education Program administrative office on the Vincennes Campus. Transcripts that are issued to the student or transcripts submitted by the student, even if they are sealed, cannot be accepted. A transcript must be sent from each school you have attended. Vincennes University will

evaluate each transcript on an individual basis. The Academic Dean and Registrar reserve the right to accept or reject credit from other institutions. Transcripts should be sent to:

Vincennes University
 Military Education Program
 1002 North 1st Street, ES87
 Vincennes, IN 47591

Transferability Statement

The transferability of credits earned at Vincennes University is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Vincennes University will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Vincennes University to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Vincennes University will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned.

Academic Advising & Counseling

Vincennes University’s Military Education Program Site Directors, Academic Advisors, and staff provide academic advice and counseling for students enrolled through the MEP program. MEP staff complete course registrations and provide guidance on degree requirements and progress.

Students may also contact the Distance Education Office at the Vincennes campus by phone or by email. Contact information can be found on pages 10 and 11 of this handbook

NRS 394.553 Account for Student Indemnification.

1. The Account for Student Indemnification is hereby created in the State General Fund. The existence of the Account does not create a right in any person to receive money from the Account. The Administrator shall administer the Account in accordance with regulations adopted by the Commission.

2. Except as otherwise limited by subsection 3, the money in the Account may be used to indemnify any student or enrollee who has suffered damage as a result of:

(a) The discontinuance of operation of a postsecondary educational institution licensed in this state; or

(b) The violation by such an institution of any provision of NRS 394.383 to 394.560, inclusive, or the regulations adopted pursuant thereto.

4. In addition to the expenditures made for indemnification pursuant to subsection 2, the Administrator may use the money in the Account to pay extraordinary expenses incurred to investigate claims for indemnification or resulting from the discontinuance of the operation of a postsecondary educational institution licensed in this state. Money expended pursuant to this subsection must not exceed, for each institution for which indemnification is made, 15 percent of the total amount expended for indemnification pursuant to subsection 2 or \$10,000, whichever is less.

Student Grievance Policy

If students have grievances involving University professors or staff members, they are to process such grievances through the University administrative structure. The student should first discuss any grievance thoroughly with the professor or staff member. If the grievance is not resolved, the student should discuss such with the faculty or staff member's immediate supervisor. Any unresolved grievances can be processed through the administrative structure to the President, if necessary. The resolution of student grievances will be transmitted to the student and through the administrative structure to all involved parties.

1. The student should meet with and discuss the matter thoroughly with the professor or staff member attempting to reach resolution immediately, but no later than 30 calendar days after the incident(s) has occurred.
2. If resolution is not achieved and the student wishes to pursue his/her grievance, the grievance must be filed in written form with the direct supervisor of the faculty or staff member. The grievance must be filed within one week after the meeting with the faculty or staff member, subject to the availability of the parties involved.
3. The supervisor receiving the grievance will do the following within three weeks:
 - a. Inform the faculty or staff of the receipt of the grievance.
 - b. Investigate the situation, which may include but not be limited to requesting a statement of circumstances relevant to the grievance from the faculty or staff member, a conference with either or both parties, additional documents and other information relevant to the situation.
 - c. The supervisor makes a ruling regarding the grievance within one week after the requested documents are received and conferences concluded.
4. If either party wishes to appeal the ruling, a statement of appeal must be filed with the direct supervisor of the person making the previous ruling within one week of the postmark of the letter containing the original grievance decision.
5. The hearing process is repeated with the addition of information from the original supervisor. If the appeal is filed by the faculty or staff, the student will be duly notified.
6. The grievance may be continued by either party through the administrative structure to the President.
